

E-PODIUM • SMART CLASSROOM, BOARDROOM & AUDITORIUM

All-in-One Interactive Digital Lectern

22" multi-touch • 8 MP document scanner • 3×2 HDMI matrix • motorised lift

AK-AIO-PodiumUltra1

A modern all-in-one digital lectern that brings audio-visual control, display connectivity and an interactive touch interface together in a single ergonomic console. Presenters manage multimedia content, drive projectors and sound systems and reach network resources from one place, supported by motorised monitor adjustment, an integrated gooseneck microphone, a built-in document camera and lockable storage for IT equipment. Purpose-built for smart classrooms, corporate boardrooms and auditoriums, the E-Podium simplifies operation, improves engagement and keeps presentations moving.

CABINET & CONSTRUCTION /

- Plastic, steel and aluminium construction; **AB body** panel on the front face of the desk.
- Top sliding cover faced with MDF board.
- Tilting desktop for laptops or speech manuscripts.
- Electric lift for wide-screen LCD up to 22".
- Body sized to the dismountable standard cabinet format.
- Expandable IC card system with electronic lock, opened by card.
- Built-in PDU.
- Standard cover-plate, open-type laptop interface cable box set into the desktop.
- Direct-insert lotus-head gooseneck microphone with anti-vibration rubber ring base.
- 2 m HDMI cable ×1 and 2 m USB cable ×1 supplied.
- Movable castors at the base.
- Supplied with electronic code lock, power adapter and IC card electronic lock card reader.

PRODUCT DIMENSIONS

665 (L) × 770 (W) × 1150 (H) mm

INTEGRATED CONTROLLER /

- Built-in 3x2 HDMI switch / splitter.
- Supports desktop computers, notebooks and digital visualizers.
- 2-way HDMI output to monitor and projector, with 2x1 audio splitter.
- 2-way audio input and 1-channel audio output.
- IR learning function with integrated 1-way infrared transmission interface.
- 1 programmable integrated RS232 control interface.
- 1 computer switch interface.
- Common projector serial codes built in, selectable by DIP switch.

BUILT-IN DOCUMENT SCANNER /

- Built in and fixed for installation; folds twice upright, so it never needs to be put down.
- Image resolution 8 MP; 24-bit colour.
- One-touch operation — scans immediately.
- Scans physical objects, papers, documents, books, magazines, certificates and business cards.
- 1/2.5" CMOS photosensitive sensor.
- Adjustable brightness, contrast, saturation, colour selection and automatic exposure.
- USB 2.0 data cable interface, bus powered — no external supply required.
- Working voltage 4.75 – 5.25 V; natural light with LED supplement.

22-INCH TOUCH SCREEN MONITOR /

Screen size	22" (21.5" viewable)	Brightness	250 cd/m ²
Panel type	IPS	Static contrast	1,000:1 (typ)
Resolution	1920 × 1080, FHD	Dynamic contrast	50M:1
Aspect ratio	16:9	Light source	LED, 16.7M colours
Touch	Projected capacitive, 10-point	Colour space	8-bit (6-bit + Hi-FRC)
Design	Frameless	Colour gamut	NTSC 77% (typ)
Inputs	HDMI, DisplayPort, VGA	Response time	14 ms GTG (typ), 5 ms w/OD
Viewing angles	178° H / 178° V	Backlight life	30,000 hrs (min)
Blue light filter	Yes	Surface	Glossy, hard coating (7H)

OPTIONAL ADDITIONS /

SR-A120B / SR-A120B	Mixer amplifier
SR-OFD-106	30 W cabinet speaker
BR-66C / WRD	Dual wireless handheld / lapel microphone
Mini PC	i5 / i7, as per requirement
Gooseneck microphone	As per requirement
